GLOBAL UPDATE

Vol. 07 May 12, 2020

Hi Folks! Happy Tuesday as we roll into another week of new opportunities, challenges and our collective acclimation to life on planet earth today.

When it comes to work, we continue to hear how one team after the next at IMAX has indeed acclimated quickly in the face of our current state of affairs. We'd like to take this moment to send a major Thank You to one team in Playa Vista that has helped lay the foundation for many others to continue excelling - Facilities. Shout out to Bridgette Ingram, John Grimmer, Sergio Sanchez and Shannen Selep who as essential employees are taking extra steps to assist others, including taking on traditionally third party tasks, helping Post Production on-the-ground and more.

And, thank you for reading the IMAX Global Update and to all of you who send us ideas - they not only keep the newsletter interesting, but enable us to share stories from all across the organization. Reach out to us at comms@imax.com to share your own or if you have any other thoughts on how we can improve.

Now, read on!

SERIES: GIVING BACK

Many incredible people at IMAX take time to give back to their communities and those in need. As part of an ongoing series, we want to highlight some of those stories.

MEALS **on** WHEELS AMERICA

TOGETHER, WE CAN DELIVER.

Sandra Itkoff, our Head of Documentaries, recently began volunteering for Meals on Wheels after answering a call-to-action in honor of a late, dear friend. Over the last several weeks, she's called homebound clients, delivered meals, and even swapped personal recipes with those in need. Several others at IMAX have also joined in helping Meals on Wheels specifically, including Alicia Wyld and we are sure more! Thank you to everyone who is volunteering, especially now during COVID-19.

LEARNING NEW SKILLS AT HOME

It recently came to our attention that our own Kosei Sugimoto from the Marketing Team in Japan was in THE Feeder music video for 'Just A Day' ([watch it here](#) - he's the one with the shaved head). You read that right. Recently, the band celebrated the song's anniversary by [recreating](#) its famous video to thank people on the front lines of the pandemic while encouraging folks to stay at home ... and with Kosei reprising his role! Watch the 2020 version [here](#) 🎵 🎵 🎵

Frances Fu from the Communications Team in China recently watched “Summer Detective”, a heartwarming and hilarious film involving an unlikely pair of detectives who set off on a slapstick buddy adventure in pursuit of justice. Check it out!

ICYMI!

As you probably know, IMAX recently joined Tribeca Enterprises in announcing a Summer Drive-In Theater Series. The response on twitter alone was incredible - read how the IMAX Digital Team engaged with many excited fans [here](#).
